Guidelines for Requesting Certificate of Completion of the Computational Science Alliance Education Course

1. Abstract

The Computational Science Alliance will issue certificates of completion of Computational Science Alliance Education Course to students who satisfy the certificate completion requirements upon their own requests. From FY2022, students can apply for a certificate at any time in school and they also can apply for it at any time no later than one year after their undergraduate or graduate graduation. Those who wish to receive the certificate should apply for it by following the prescribed procedure below.

2. Application procedure

Firstly, please fill and send the application form on the web page for the certificate of completion in the web site of the computational science alliance.

After that, please send the "Academic Transcription at the Time of the Application", from which we can confirm the credits in the application form, to Computational Science Alliance Secretariat by Campus Mail (Gakunaibin) or postal mail.

\<Campus Mail Address\>

Computational Science Alliance Secretariat, Department of Information of Science, Graduate School of Information Science and Technology

\<Postal Mail Address, in addition to the above\>

The University of Tokyo, 7-3-1, Hongo, Bunkyo-ku, Tokyo 113-8656

3. Certificate Delivering

We will send the certificate via postal mail to the address specified in the application form.

4. Contact

Computational Science Alliance Secretariat

secretariat@compsci-alliance.jp

(only sender address ending with .ac.jp, @gmail.com, and @icloud.com are accepted)
